

Dear \$Forename\$,

We understand how difficult this particular period has been for you since school closure began on 23rd March. We hope that you are making good use of the assignments in Frog set for you that focus on the transition between high school and college.

The letter attached is from OFQUAL, the government qualifications authority, and sets out how your GCSE grades have been reached. It will alleviate many of the anxieties that you have about the process. Rest assured that your teachers have been thorough and fair when deciding on your grades.

The letter states that the Results will become available in August as planned. In the meanwhile, we hope you have a safe and healthy summer break.

Kind regards,

Andrew McDonald-Bowyer
Deputy Headteacher
