

THE DINER AND REFECTORY

Our Catering Contractors **Innovate** provide an excellent choice of hot and cold meals and tasty snacks for our students, both at break and lunch times. They also offer a breakfast service from 8am with great menu options and a FREE BOWL OF CEREAL for every student.

Our state-of-the-art Diner and light and airy Refectory are popular places for students to meet up and enjoy the food on offer, or a warming drink in the winter. The menus vary every day and our Executive Chef, Mark, is mindful of including several vegetarian and vegan options. He also caters for those students with food allergies or who have special dietary requirements.

Please see the separate page for our standard Weekly Menu options. Innovate are extremely proactive in seeking out the views of students and meet regularly with our Student Council. Many new ideas for improving the food service has come from Davison students.

We use a cashless Biometric system for purchases where students can pay for their food using a finger scan. Parents can add money onto their daughter's account 24 hours a day, on line, so that there is no need for students to bring cash into school. For those students who are entitled to Free School Meals, the finger scanning process works in exactly the same way so their FSM status is not apparent to others at the tills.
