

7th December 2020

Dear Parent/Carer,

The Bikeability Scheme is normally organised in Year 6 to help cyclists to be safe when using the roads. Unfortunately, due to school closures in the Summer term these sessions were not able to go ahead.

We have been approached by the organisers of the scheme in order to offer this to students in Year 7 at no cost.

Sessions will cover safe cycling on roads and will support participants to be confident when making basic road journeys such as travelling to and from school.

In line with covid-19 safety arrangements sessions will be offered on a ratio of one instructor to two students. Students will need to provide their own equipment including a helmet and road safe bicycle.

Participating students will attend one two-hour session which will take place during the school day. All instructors will wear PPE, however, students will not need to unless they wish to.

If you would like to register your daughter's interest for the course then please complete the online form below by Friday 11th December.
