

1<sup>st</sup> December 2020

Dear Parent/Carer, Year 10 and 11 students,

The Experiencing a Work Place FROG page has now been updated to show any Virtual Work Experiences that have been sent through to us for students to have a look at and take part, providers of these experiences include NHS and Nestle! Placements are aimed at students from Yr 10 and onwards and are labelled with the year groups they are relevant to.

The virtual experiences are due to start in the new year and require registration which is open now!

Before registering, please ensure that you are able to complete the experience outside of school hours as this will not be something we can offer during school time.

Our new FROG page dedicated to Work Experience can be found under the Digital Planner hub – Careers and Work Experience icon. All the virtual experiences can be found under the new VIRTUAL WORK EXPERIENCE tab.

I will keep this page updated as new experiences come through.  
Yours faithfully

Mrs Christmas  
Work Experience Coordinator
