

26th January 2021

Dear Parent/Carer

Four years ago, Davison High School launched an innovative way to raise funds for our school. We signed up to the Giving Machine website. This is a free and simple way for good causes to raise donations simply by shopping online.

We have now found a preferred fundraising platform, which many schools and PTA's are using called 'easyfundraising'. It works in the same way but provides higher donation percentages and works with more retailers and online shopping sites. We have therefore closed our Giving Machine membership.

For parents and carers who are registered with the Giving Machine, you may have already received an e-mail from the Giving Machine advising you that Davison is no longer a registered cause with them any longer. The Giving Machine should have advised you that for the interim period any donations received during the closure of the account will be donated to the charity MIND, one of Davison's chosen charities.

The Friends of Davison High School - FODS our PTA, are now registered with easyfundraising!

Over 4,000 shops and sites will donate to us for free when we use easyfundraising to shop with them!

There are no catches, no extra costs and it is totally free!

Information on how to sign up to the UK's biggest charity cashback platform will be coming very soon!

Thank you in anticipation of your support
