

11th October 2021

Dear Parent/Carer

Davison CE High School iPad Lease Scheme

We are once again teaming up with GBM, a trusted distributor of Apple products in the UK education sector, to offer a scheme that helps families provide greater access to digital content through the purchase of an iPad. Families who choose to opt in will pay a monthly fee for a school managed iPad.

The scheme was first rolled out to families last year and we have used feedback from parents/carers and students to develop the offering further this year.

What is included?

The latest model of iPad will be included in the scheme, along with a sturdy case and insurance against damage and malfunction.

In addition, during school hours the iPad will be controlled using our school management system. This means during the school day, the iPad may only be used for school work and approved educational apps. During evenings and weekends this system is removed and your child will have the freedom to use the device under parental supervision.

A contribution every month of £13 will be charged for the duration of the scheme which lasts 3 years. Once the final payment is completed the iPad will belong to you.

The Davison iPad for Learning Scheme is not compulsory. The iPad Scheme does offer families an alternative way of providing the digital equipment needed to support learning at home.

Enrolment

Should you wish to enrol in the scheme, an ordering portal will be available on the main Davison website from **Monday 18th October 2021**. There you will find further information about the Davison iPad for Learning Scheme, including a downloadable pamphlet which explains the scheme in greater depth and includes Frequently Asked Questions.

Deadline for Enrolment

Please note, the window for enrolling in the scheme will end on **5th November 2021**. After this time, it will not be possible to order an iPad through this scheme in the current academic year.

Yours sincerely

Mr A. Smith

E-Learning Coordinator
