

YEAR 11 [KS4] – week commencing 15th April until 26th April 2024

Subject	Lesson and Resource	Notes / Extension Task
CORE SUBJECTS		
English Literature/Language	<p>Please use the English FROG page to aid your revision. There are plenty of resources on there to use. Some of the things you could do are:</p> <ul style="list-style-type: none"> • Revise context for Macbeth, An Inspector Calls and A Christmas Carol. For each topic there is a context page with lots of videos and articles. • Use the following link which will take you to lots of practice questions for all your literature topics. Have a go at some of the questions and email your teacher with your work for feedback. https://www.shsgenglish.org/questions/gcselit • Watch the PiXL videos for the language questions on the FROG pages. • Have a go at the practice papers that are also on FROG 	
Maths	<p>All work to be found on DFM Key Skills - in lesson order for that time period Watch related video - if topic is new to you (or you need a reminder) Make relevant notes Use the 'Practice' to generate a small number of questions Exam Practice' - useful to go back to</p>	

	<p>Unit Test' - complete at end of topic (you may find this useful to tackle at the beginning to find gaps in your learning)</p> <p>Higher - Sets A/B and CrossOver - Sets C</p> <table border="1" data-bbox="562 347 1088 475"> <tr> <td data-bbox="562 347 1088 408">Numerical Methods</td> </tr> <tr> <td data-bbox="562 408 1088 475">Gradients & Rates of Change</td> </tr> </table> <p>Foundation - Sets D</p> <table border="1" data-bbox="562 544 1167 608"> <tr> <td data-bbox="562 544 1167 608">Revision</td> </tr> </table> <p>Support - Sets E</p> <table border="1" data-bbox="562 683 909 746"> <tr> <td data-bbox="562 683 909 746">Revision</td> </tr> </table>	Numerical Methods	Gradients & Rates of Change	Revision	Revision

<p>Combined Science</p>	<p>https://www.bbc.co.uk/bitesize/examspecs/z8r997h</p>					
<p>Triple Science</p>	<p>Read through the section of the topic you are doing in class and make notes or a mind map on the key points. Do the multiple choice test at the end of the section and repeat it until you get 100%.</p> <p>Y11 Biology:</p> <p>https://www.bbc.co.uk/bitesize/examspecs/zpgcbkZ</p> <p>Y11 Chemistry:</p>

<p>PE Core</p>	<p>Go onto the PE department FROG page. Click on the PE at work tab. Choose a workout to complete for each lesson you have in this fortnight. If you are unable to do a practical task, complete a different task each lesson from the list below.</p> <p>Netball Draw out 5 netball courts. Design 5 set plays that could be used from either the Centre Pass, side or back line pass. Explain how each one could be used to the advantage of the attacking team in a game. The diagrams should clearly show where all players are standing on court and where they move to. Come up with a code name for each one which could be communicated to the team to let them know which one they are playing.</p> <p>Trampolining To design a variety of Trampolining sequences using a variety of different skill. You will need to make sure the sequence is 10 bounces (a bounce is when any part of your body makes contact with the trampoline bed). You could draw one sequence out like a story board to demonstrate the shapes.</p> <p>Fitness You want to improve your aerobic endurance so you can keep exercising for longer each session. Design a 10 station circuit which will help you do this. You need to provide instructions for each exercise and diagrams. Explain how long</p>	

each station will be done for and how much rest you will get. Think about the order of the exercises so you don't overload 1 muscle group. List what equipment you will need as well.

General

You want to remind pupils how to keep their valuables safe during PE lessons. Design a poster as a reminder of how to do this.

Safest place – at home

2nd safest place – lockers

3rd safest place – teachers valuables box (but at your own risk)

Athletics

You are running Sports Day this year. Brainstorm all the things you would need to consider for organising the day. Create a programme detailing all the events and timings of the day. Write a letter to the PE Department with any suggestions you would like to see on the day. If it is sensible and we can do it you may get your change made.

Striking & Fielding

Softball, Rounders, Cricket & Stoolball are all striking & fielding games. Think about the similarities between them e.g. teams, ways to get out, and equipment. Now create your own Striking & Fielding game. Create the rules, scoring system, score sheets, equipment, playing area/pitch etc. Once you have written it down explain it to your teacher to see if it would work.

General

Design a poster to promote what PE kit you need to wear for PE lessons.

For example – Games kit (t shirt, skort, red socks, trainers & PE jumper), Gym/ Dance kit (leggings, leotard & t shirt), Weights Room (leggings, leotard, t shirt, red socks, trainers)

	<p>Maybe a reminder to bring any inhalers, water bottle to a PE lesson.</p> <p>General You have the opportunity to make suggestions for changes in the PE Department. Write a formal letter to the PE Department outlining 3 changes you would like to see in PE. Include in the letter why you would like to make these changes. Remember to keep to sensible and you may just see your changes happen!</p>
